Hi Vincent

I've been watching your progress over the past few months since our chat in Cary NC. It really does please me to see you have such a great start to the year.

Good luck in closing that \$1,415 to get you to 100% for the 1st Qtr and some additional bonuses \$\$\$\$. I'm looking forward to you having a great 2005

Well done on a solid 1st Qtr performance. Jeff and myself are counting on you to continue this drive for the remainder of the year.... so no pressure then :-)

Regards

Nick

PS The managers are on track to deliver on our action points assigned to us at the GSC. You will be hearing from us real soon with an update.
